

# Update for October 2020 - Christopher & Bela Singh

We last wrote to you in July with a hope that by now I will be able to travel to India to be with my mother, but the things are getting from bad to worse here and also in India. Please continue to remember my mum in your prayers. There seems to be no end date for this pandemic. I am sure your life has also been affected by what is happening around the World.

This would have been my busy period of travel, but all plans for training overseas have either been postponed or cancelled. The good news is that a number of interactions still happen online using Zoom and whatsapp. I was supposed to travel to Nigeria and South Sudan at this time with Sharing International training media professionals.

 GREG JARDINE (President, Vision Africa)  
 NGOZI NWACHUKWU (President, Vision Africa)  
 JANE ONUOHA (President, Vision Africa)  
 SAM IBEJI (President, Vision Africa)

Well after much prayer and discussions and meetings over zoom this training is now being offered online. See the dates in the photo along with all the faculty. Please pray for all the trainers and students. As this training is online we are opening this to all the people who can participate. So please pray that many will be able to take this opportunity to learn in the comfort of their homes. The faculty is very skilled and have years of experience in media and education. You may recognise some of the trainers in this photo. Some of them will be doing live sessions online and as for me I have recorded a few sessions on video and will be doing one day live online.

It was such a great learning experience to record and edit videos of myself including powerpoint presentation. I was actually surprised how good and precise teaching can be when you are recording yourself with all the resources presented. If you like to watch one of my recorded videos please let me know, but for the time being here's a screen shot of me presenting a session.

I have just got an email from YouTube about the daily thought programme, 'Fresh' that I have been producing for the last 20 months. This shows the response from the people who are watching this daily message on YouTube and the response is very encouraging. I attach here a photo of this email from YouTube. Please see it for yourself and praise God for what He is doing with this tool.

The most encouraging thing I noticed in this that there were 104 shares. This means that 104 people shared my thoughts on their social media platforms and that means more audience and I don't know if the people who received it as a share also shared with others. This may mean that there were thousands of people watching this. Multiplication of Gospel message. (2Tim 2:2) I am very encouraged. It is almost like the response that I used to get for my radio programmes produced in the 80s working with FEBA Radio, when there was no social media. Thank you Jesus!

Over 4000 people also receive the text and audio message (only 2 minutes) on their phones daily – thanks to WhatsApp and the groups on WhatsApp. You can look at the latest 'Fresh' in Hindi on YouTube. Here's an example link

<https://youtu.be/IKKhv23TtHU>

Our church has also been online and there have been creative ways to share worship, testimony, prayers and other elements over the internet. So although it is not the same as being in the Church, but we have continued to worship and share in the

services. Bela and I have been asked a number of times to contribute to these services. We just record a video and send it to be included in the service which all the members can watch.

Hi Chris Singh,

It's been an interesting year, to say the least, but it's been inspiring to see how you've managed to stay motivated. With World Mental Health Day happening this month, we thought now would be a good time to check in to see how you're feeling. If you're feeling out of sorts, remember that you're not alone. Read on to see how other creators are coping, and pick up some tips to support your journey along the way.

Fresh Thought for 9 October 2020

On the family front, we spent a week with our grand-children as our daughter Anugrah started work after her maternity leave and they needed a babysitter for a week, so we grabbed the opportunity to get to know our grand children Solomon and Anaia.

We share our news to encourage you to know that your support is reaching so many with the Gospel. We can do more with your continued and increased support. Each moment you spend in prayer and each penny you send helps us to reach more people. Thanks for standing with us in serving Christ and spreading His kingdom in this world. We remain thankful to God and to you.

Yours in Christ,

***Christopher and Bela Singh***
